1. We received an email from MML letting us know we have not claimed funds that were allotted to the Village under the American Rescue Plan Act: The Village and many others did not receive communication from the treasury about these funds. There are specifics to where and how these funds can be used such as support public health expenditures, address negative economic impacts caused by the public health emergency, replace lost public sector revenue, provide premium pay for essential workers, and invest in water, sewer, and broadband infrastructure. B. Barnum suggests utilizing the funds the last category of invest in water, sewer, and broadband infrastructure. In these categories we can use the funds for necessary investments to improve access to clean drinking water, support vital wastewater and stormwater infrastructure, and to expand access to broadband internet.

Motion to allow B. Barnum to apply for the American Rescue Plan Act funds for the purpose of water infrastructure and stormwater infrastructure.
