Barnum stated that he found the unit up for auction at MSU Surplus. He stated that last year he and the DPW employee used zero turns to mulch leaves on the village right-of way's and it was helpful in the reduction of smoke from leaf burning and the leaf trailer would help the village better serve the residents. He stated that the current bid was \$560 and the unit needed minor repairs to become fully operational. Barnum stated that he knew the machine from his time at MSU and called the mechanics that serviced it to confirm it was worthy of purchase. He suggested a bid of \$3000 (Proxy).
