1. **DPW / Water System operator:** Brian sent out a list of basic interview questions for us to ask and score each question for each applicant on a score of 1 to 5. Then we will total the numbers for each candidate and see who has the highest score. This will keep the interviewing process fair. We had 4 applicants, but one cancelled therefore we have 3 applicants coming in for interviews. Roughly between all DPW wages with help and current wages we were around \$53,000 annually from all accounts. Applicant 1's score 584 , Applicant 2's score 423 , Applicant 3's score 505. Discussion held on applicants' salary requirements and what each of them brings to the village.
