

Good afternoon Bancroft Council

Its been a little over two weeks now. Wow does time fly by. I am still well into the learning stages. But I have accomplished the following.

- Water shut offs. With making new Maps of their locations.
- Water main Valves locations. And some gas line Locations,
- I have a great understanding of your water plant. I am learning more every day.
- I have meet With MRWA. To discuss water reports and filling dates.
- I have done two excavating Jobs one for a new shipping container one for storm water.
- I have looked over your trucks and equipment for maintenance
- There is so much to list I don't want you to fall asleep.
- As Time goes goes by. My DPW report will improve.
- I would like to thank everyone for this awesome job and I plain on learning more about this community to better serve Bancroft and be part of this town.
- Bancroft has over 200 yards of salt and sand in the salt barn. And the trucks are ready to plow. All we need is snow and I am ready.
- This spring I will be flushing hydrants, maintaining the water system. There is a lot of great benefits from flushing.
- If anyone has any question feel free to ask.

Have a great Christmas see you at the next meeting.

Bancroft DPW.
Mike
